The Honorable Supervisor Don Horsley
County Board of Supervisors
400 County Center
Redwood City, CA 94063

Subject: Coastside Fire Protection District Station 41 Replacement Project
PLN2016-00346

Dear Honorable Supervisor Horsley,

On July 12, 2017, the San Mateo County Planning Commission approved the replacement project for Station 41 in El Granada. I'm pleased to report no one spoke in opposition to our project.

I want extend our gratitude to you and to your staff for the support and guidance on this important coastside public service infrastructure project. The new Station 41 will provide continued critical emergency services to our community.

The cooperation and communication between District and the County was exceptional. It worked out well the District processed and certified the Environmental Impact Report, thereby allowing the Planning Department to concentrate on the land use issues.

Steve Monowitz provided remarkable oversight for the project and assisted on some key issues. Summer Burlison, the project planner, did an extraordinary job in processing our application, preparing the staff report and making the public presentation to the Planning Commission. Ms. Burlison is a genuine asset to the Planning Department.

The Coastside Fire Protection District Board of Directors and I appreciate the efforts of San Mateo County in this important step to the culmination of this needed project for the coastside.

Sincerely,

Paul Cole, Chief

Cc: Carole Groom
